

## Five Partners Join the Ranks of WAC Consulting Group-Latest expansion adds new product expertise and greater local presence

*July proved to be a monumental month for the WAC Consulting Group as five solutions providers joined as full partners. Adding to the Group's core expertise in ERP, Manufacturing and Distribution solutions, the new partners enhance the current product portfolio by offering expertise and solutions in Human Resources Information Systems and mid-market manufacturing solutions as well as training services. With this latest expansion, the Group adds offices in Connecticut, Illinois, Massachusetts, Michigan and Washington.*

Northborough, MA ([PRWEB](#)) July 28, 2009 -- July proved to be a monumental month for the WAC Consulting Group as five solutions providers joined as full partners. Adding to the Group's core expertise in ERP, Manufacturing and Distribution solutions, the new partners enhance the current product portfolio by offering expertise and solutions in Human Resources Information Systems and mid-market manufacturing solutions as well as training services. With this latest expansion, the Group adds offices in Connecticut, Illinois, Massachusetts, Michigan and Washington.

Computer Accounting Systems, Inc. - Washington

With over twenty five years of experience in providing accounting software and services to many prominent businesses in the Washington state area, Computer Accounting Systems is a well-established business. Computer Accounting Systems Inc has done business with a variety of companies and specializes in the financial services, non-profit and service industries.

CTO Associates, Inc. - Massachusetts

CTO Associates, Inc. brings more than twenty-five years of experience in consulting and implementation services to the Group. Cheri T. Oberpriller, CPA, and her associates, have backgrounds that include both public and private accounting and management experience and are a recognized business in Massachusetts. CTO Associates, Inc. specializes in distribution, non-profit service agencies and private educational facilities.

Michael Ericksen P.C. - Illinois

For over 20 years, Michael Ericksen P.C. has assisted small to mid-sized businesses with their software implementation and training needs in the Chicago area. They install, develop, service, train, and support customized software solutions. With experience in various industries and products Michael Ericksen, P.C specializes in retail, service, and manufacturing industries.

Preferred Logic, Inc. - Connecticut

Preferred Logic, Inc. provides business application software, support and training to midsized companies throughout New England and beyond including accounting, ERP, project management, service and maintenance, distribution, manufacturing and CRM solutions. Offering decades of experience in addressing complex business problems, Preferred Logic helps their clients achieve increased sales, streamlined procedures and better management information using industry leading software, proven platforms and expert services.
